Over the Counter Medication Form

AN IMPORTANT MESSAGE REGARDING MEDICATION SAFETY AT VIA WEST CAMPUS

Dear Parent, Guardian, or Conservator,

The nursing staff at Via West Campus is committed to providing a healthy and safe stay for our participants through a thoughtful and time-tested medication administration process. We appreciate your participation in this process to ensure that every participant receives the right drug at the right time.

When you arrive for check-in, you will meet with one of the members of our nursing staff to hand in all prescribed drugs, over the counter medications, vitamins, inhalers, and injections that you would like for us to administer during your participant's stay.

The nurse will review each medication with you, complete a medication administration record (MAR) and then review the MAR with you to ensure that we have the right plan for your participant. After this review, you will sign and date the MAR to indicate your agreement with the plan.

You are the expert when it comes to giving drugs to your participant, so please share with the nurse any tips or suggestions for successful medication administration. We are happy to comply with your recommendations for everyone's benefit.

To facilitate this meeting with the nurse, we ask that you follow these simple steps:

1. Bring every medication, including vitamins and over the counter products, such as ibuprofen, in its original container. Prescribed drugs will have a label from the pharmacy and products you purchase over the counter will have an FDA-approved set of ingredients and instructions.
2. It is a good idea to pack medications from home in a clear, self-sealing plastic bag to expedite the check-in process.
3. If you want us to follow the label on the prescription, all is well. **If you wish us to administer a different dose of the drug, we will need a note from the prescribing physician that approves this change.**
4. Please send extra pills or liquid medications for our nurses to use in case a medication is dropped, spit out, or otherwise becomes unusable.
5. If you participant needs his/her medications in applesauce, we are happy to provide that for you. For all other special foods (ex. pudding, crackers, yogurt), please send a supply that our nurses can use when administering the medications.
6. If your participant needs a special cup, straw, or other equipment to take medications, do not forget to hand those over to the nurse at check-in.

During fall, winter, and spring weekend sessions, our nursing staff will administer medications beginning with dinner at 6:30pm. If your participant requires medications before this time, please plan to give them before you leave Via West.

During summer sessions, our nursing staff will administer medications beginning with snack at 2:15pm. If your participant requires medications before this time, please plan to give them before you leave Via West.

Many of our participants rely on prescription medications for disease management, behavior management, or other health reasons. If your participant comes without crucial medications, we will ask you to either bring the medications before the first administration time or take the participant home with you.
