Dear Families, Friends, and Supporters,

*Via Services is proud to present the **2017 Via West Summer Program Registration Catalog**. At press time, we are in the middle of our 2016-2017 season and it should finish in May with our highest enrollments ever.*

This summer, we will be offering our traditional day and overnight programs, Adventures in Leadership, and Altitude programs (including a new travel camp). Our diverse sessions offer something for everyone, and as always, we make every effort to ensure that your participant has a life-changing experience at Via.

We listened to your feedback and we are pleased to let you know about some changes to the calendar. We have added back in the bridge option for one of our adult sessions. We have added in a longer session in the month of June for kids, teens, and young adults. We really strive to accommodate everyone, and we hope that these changes will make it easier for you to find a session that works with your schedule!

We are excited to announce that we are expanding our staff and adding in three new positions to provide further support to our participants. The Counselor Manager will be responsible for assisting with appropriate counselor and participant pairings and will be the first point of contact for seasonal staff during programs. The Behavioral Manager will be responsible for reviewing all current behavior support plans for participants and ensuring the continuation of these plans while participants are in our care. Finally, the Program Manager will oversee our program staff and continue to ensure that our programming remains innovative and fun.

At Via West, we welcome everyone with open arms. We have a scholarship fund available for those who cannot afford our private pay or regional center (RC) supplemental daily rates. We are so fortunate to work with you, our families, and we hope that you continue to make Via your home away from home.

Thank you for continuing to spread the word about Via West Campus. Without you, we would be the Bay Area's best-kept secret. See you all very soon!

Sincerely,

Leslie Davis, Executive Director

ALTITUDE

Altitude offers 12 day summer camp experiences for boys and girls with social cognitive challenges including: verbal and nonverbal learning disabilities, ADHD, Asperger's, and high functioning autism. Altitude is a place where participants build social skills, independence, and self-confidence. We offer a fun summer vacation where friendships are developed. With warmth, guidance, and ongoing support, we prepare our participants for the transition to young adulthood, future relationships, and the rest of their lives!

The Altitude participant has back and forth conversational skills, is not currently struggling with any significant behavioral challenges, and is typically independent within a mainstream classroom setting. Our intake process involves a face-to-face interview with each prospective participant, and we will also check two references — these are professionals whom the family trusts and are often teachers and therapists. The length of time to process an application to acceptance varies depending on the availability of references and the scheduling of interviews.

Altitude is intentionally designed to facilitate and prepare our participants for key developmental transitions, between elementary, middle, and high school. At Altitude, we understand how difficult it can be to think about the transition into the middle school and high school years — this transition marks the end of an era and the beginning of a new and exciting, but stressful time in a child's life. It is with understanding about this pivotal time, combined with our knowledge of working with children who have special needs that we have created Altitude. The transition from childhood to adolescence and young adulthood is an exciting and dynamic time period for children characterized by new opportunities as well as increased academic, social, and emotional demands. Altitude aims to help our children prepare for and navigate this journey. Our hope is that by providing our participants with a warm, understanding, fun, and supportive learning environment, they will grow socially and emotionally, build self-esteem, and develop the skills that will help them to more successfully navigate their environments.

Altitude offers a 3:1 staff-to-participant ratio, as well as the presence of a "Clinical Team" available to gently guide our participants through the camp experience. Our participants learn through an organic process, in which our staff recognizes significant learning opportunities while the participants engage in fun, traditional camp activities such as swimming, athletics, art, drama, and more.

With warmth, guidance, and ongoing support, we prepare our participants for the transition to young adulthood, future relationships, and the rest of their lives!

CALIFORNIA ADVENTURES TRAVEL CAMP

2 days: June 23-25, 2017 (FRI-SUN)

Travel camp provides an excellent opportunity to take the social skills and independence that we work on at Altitude into the community. Your children will blossom and grow when given the chance to experience overnight trips in an environment with their peers. This California Adventure weekend will allow us to experience independent hotel travel and have some fun in the state capital with highlights including a tour of the state capitol building, exploring Old Town, a river boat cruise, and dining at local restaurants.

Summer Transportation

We are so excited to offer transportation to and from the Via West Campus for our summer programs from five separate locations across the Bay Area (please note that this transportation is for Via West programs only and will not include Altitude). All vans will have both a Senior Via West Counselor and Nurse on board. 1:1 participants will have their assigned counselor riding with them. Check-in will occur with both the counseling staff as well as the nursing staff. Special diet information will be given to the nursing staff as well. Remaining payments and paperwork, if any, will need to be rendered at the satellite check-in location. It is very important that parents bring all packing list items as you would if you were bringing the participant to the campus directly. None of the processes will change. It will be the parent/caregiver's responsibility to ensure

that the participant is changed and fed as the ride may be up to 90 minutes, depending on location and traffic.

We will be providing round trip transportation from San Jose, South San Francisco, Oakland, Santa Cruz, and Salinas. The round trip cost per participant is \$150.00. All pickups for check-in days will be at 10:30 a.m. All drop-offs for check-out days will be at 1:30 p.m. Participants arriving more than 20 minutes after the stated time for check-in will likely miss their pick up van and will need to find other means to reach the campus. There will not be any refunds given for late arrivals. Parents/caregivers arriving more than 20 minutes after the drop off time at check-out will be charged \$75.00 per hour of waiting time and will have to go to the Via West Campus to pick up their participant.

REGISTRATION PROCEDURES:

Registration is now open for all summer programs. We are not restricting any spaces in our regular programs, however we do still have a maximum capacity. **Spaces are available on a first come, first served basis with deposit to secure reservation. We strongly encourage you to email, fax, or mail your registration forms as soon as possible.** We encourage attendance at multiple sessions as our enhanced thematic programming will be very different each session.

If you do not have enough respite hours to cover the full program, then you will be responsible for the Private Pay balance due. In order for your participant to be marked down as paid, we require:

1. An *Authorization to Purchase Services* (not a *Request for Purchase of Services*) to be sent to the Via office before the start date of the session.
2. The payment of the private pay or supplemental daily rate in full.

If payment is not received from the regional center as authorized, you will be responsible for the remainder of the payment due at the private pay rate.
